

PATENTS

- Application No: 201821042349
- Title: Nutri Metallic Clayware
- Domain: Design and Development, Manufacturing Engineering

CONFERENCES

- Engineering Mechanics Institute Conference at Georgia Institute of Technology, Atlanta from June 6-9, 2023.
- Additive Manufacturing of Metallic Alloys and Composites: Academic and Industrial Perspective, at IITDM, Jabalpur from April 11-13, 2023.
- ICFMMP 2021, at Lovely Professional University from September 17-18, 2021.
- SAM Project Pilot Course on "Overview of Polymer Materials and Properties", organized by International Additive Manufacturing Qualification System from June 1-7, 2021.
- AM Industry Summit, arranged by ASME from August 11-12, 2020 and March 3-4, 2021.
- Advances in Additive Manufacturing held by Siemens from September 21-26, 2020.
- ICAMEN 2020, at MANIPAL University (Jaipur), NIT (Uttarakhand), and Universiti Malaysia Pahang from February 28- 29, 2020.
- NSC 2019, at IIT Roorkee from December 6-8, 2019.

HONORS & AWARDS

- Recipient of "Chief Engineer Gustaf Jansson's Iron Office Fund" Research Grant by Jernkontoret.
- President for Indian Society of Heating ISHRAE Refrigerating and Air Conditioning Engineers PCE Students Chapter 2014-2016 session.
- Winner of Paper Presentation of UNNATI15, National Conference in College of Engineering and Technology.
- Event Co-Ordinator for Unnati14, a National Technical Event.
- Star of the Month in Nov 2017 for Tata Consultancy Services Limited for excellent contributions to Operations and Development and closure of bug fixes on existing products.
- Appreciated by Functional Users for resolving technical issues for Tata Consultancy Services Limited.
- Appreciated by HR for Contribution to the Campus Recruitment Process.

ASSOCIATION MEMBERSHIPS

- American Society for Civil Engineers (2022-Present).
- American Society for Testing and Materials (2021-Present).
- International Association of Engineers (2019-Present).
